Review
"Avengers Infinity puts the god in the machine. Usually such an act would indicate a failing, but with Mr. Stern's story the actions of the Avengers makes sense and is upon reflection almost expected. The discussion, and it's refreshing to end a story without the use of violence, engrosses. The idea of life's diversity being a saving grace just tickles and gives an example of why the super-hero genre has successfully flooded the market for years." -- Ray Tate, comicsbulletin.com

"The fun thing about this particular book is that it really only has one key big time name in it ... Thor. The other members pulled in [are] some unique characters that you might not see working together ... Quasar, Moondragon, Photon and Tigra, as well as Starfox and Jack of Hearts. Stern works with each of these characters, giving them history and unique interactions. It showcases that they all have a different way of working off of one another, with the deep history he pulls from he shows excellent range." -- Justin Cantelo

THE AVENGERS ... IN SPACE!

When Quasar intercepts an alien distress call, he finds a Rigellian colony completely destroyed and Jack of Hearts in a coma! Summoning a ragtag team of Avengers to investigate, Quasar and company are suddenly attacked by a horde of robots whose goal is to destroy the planet itself! And that's just the beginning of the ad hoc Avengers' troubles - when a planet-sized alien suddenly appears and begins reshaping the decimated world for its own mysterious ends. Who are the Infinites? What cosmic force could possibly play with planets as if they were toys? And what unknowable goal drives them to rearrange the entire universe?! The Avengers must go all the way to the top to learn the truth...and that means contacting Eternity itself! Starring Thor, Tigra, Starfox, Moondragon and Monica Rambeau!

Classic is the right word.
By Mauricio P A Macedo
Roger Stern is the definition of a classic Avengers writer. All the characters have their own voice, personality and clearly stated motivations, and they are actually moved foward within this four issue mini-series. If anything, it's too short given the scope of what the Avengers have to deal with here. The art by Sean Chen is also very good.

Cosmic tale
By Jeremy Spaulding
Avengers Infinity Classic is a good cosmic adventure written in the early 2000's. The featured characters are Thor, Tigra, Starfox, Moondragon, Captain Marvel, and Jack of Hearts.
