Lot's Of Sexual Tension

By Megan Riverina Romantics

Sweet baby Moses floating down the river! Talk about a fantastically hot read! This novella by Juniper Bell was just what the doctor ordered.

This erotic romance was nice and hot. However, we only got to the super hotness after A LOT of tension was built up. No worries though. The suffering was oh so sweet LOL! When we finally got to the steamy part my temperature soared! The sexiness had my squeezing my legs together in excitement. The light BDSM elements that were present accented the story nicely, though a smidge more wouldn't have hurt. ;0)

Beautiful Obsession was written in a very unique way. It's written as a collection of encounters and we get both Jack and Clare's POV. His in the third person and her's is in the first via her diary entries. It made for an intoxicating experience. One that I enjoyed very much. It was different and will stick in my mind for a while.

Learning the back stories of the characters enhanced this read for me. I think the additional info was wonderful. We're given another vantage point from which to view Clare by learning about her past. One can easily see how her early childhood molded her into the woman she's become. It gave a special significance to her longing for Jack's dominance. Ms. Bell also dropped a few hints that could easily be developed into other stories. Like, what exactly was Luc intimating with his comments while they were in the Harkness House court? How did they first come together in an up close and personal way?

Juniper Bell is a new favorite author of mine. She kept me enthralled and left me wanting more. I hope to hear more about these guys in the future.

*includes M/F, M/F/M/M, M/F/M, anal and BDSM elements

4.5 Blue Ribbons from Romance Junkies

By Lily

Clare, Luc and Rob have been best friends since childhood - and something more, once they were of age. They're practically inseparable, even now that they're in college. But lately there's been a shift in each of them and Clare finds herself wanting more. And "more" comes in the form of Resident Advisor Jack Cartwright.

Jack is completely and utterly focused on finishing his graduate thesis. Or so he tells himself. He's relegated his wild sexual side to the past and he will NOT be tempted by the three gorgeous, erotic students whose suite is next to his. Then Jack accidentally catches the threesome in bed and soon he finds himself obsessed with the idea of taking the trio up on what they're offering him. And once Clare opens up to him, Jack can no longer resist temptation...

BEAUTIFUL OBSESSION is one wildly erotic read! The sensual heat between Jack, Clare, Luc and Rob is matched only by the emotional warmth in BEAUTIFUL OBSESSION. Author Juniper Bell does an incredible job of bringing all four characters to life, and the friendship between Clare, Luc and Rob is just as important to BEAUTIFUL OBSESSION as the burgeoning relationship between Clare and Jack. I loved that Ms. Bell devoted as much to the trio's "unconventional" friendship as she did to the romance. Without that solid foundation, BEAUTIFUL OBSESSION would simply have been erotica rather than an all-around satisfying story.

In BEAUTIFUL OBSESSION, Ms. Bell gives readers endearing characters, red-hot erotic scenes and traces of BDSM. I hope Ms. Bell writes stories for Luc and Rob, but even if she doesn't, BEAUTIFUL OBSESSION is a fantastic standalone novella. BEAUTIFUL OBSESSION is the first book of Ms. Bell's that I've read and - given her talent for blending extreme heat with heart - I can definitely say that it won't be the last!

College will Give You a Well-Rounded Education...And Rug Burn! Bonus!

By Weena

Clare, Luc, and Rob have been friends forever, and do everything together. EVERYTHING. And now they want to do their college Resident Advisor, Jack Cartwright, because what Clare wants, Clare usually gets...often between her legs.

Clare was badly abused as a child, and Luc and Rob basically saved her a**, so she backs dat a** up for them, and good for her, because Rob is a sweaty All-State wrestling star, and Luc is a smooth-tongued Southern boy with a nommy pair of hush puppies, and it's like having the All-American Buffet every day of the week. Why make choices when you don't have to? Just eat both, because it's the American way.

Jack is strangely drawn to Clare as well, and accidently walks in on the wholesome threesome which causes him to clutch his junk like a grandma clutching her pearls (only his feels muuuuch nicer), and later in the story he's politely invited to join the party. Jack's apparently not just a generic Resident Advisor, he's Super Closet Dom, and I have to say, he is pretty good about telling them all what to do.

I did have a few pet peeves. This book gave me an odd vibe--I felt like Clare, Luc, and Rob were stalking

Jack and manipulating him into the menage. Not that he wasn't willing--his ween was often sticking out of his boxers like it was saying, "Pick me! Choose me! Love me!" I just felt the kids were circling him like wolves and herding him where they wanted him to go.

And then Clare is imagining what Jack's dick would taste like...salty and sweet...like...like...like...PEANUT BUTTER. Whaaa? Peanut butter? There is a possibility that I have licked a dick or two or five hundred, and I can honestly say that there's NEVER been one that's tasted like peanut butter, more's the pity.

And then Clare and Jack fall in insta-love...after he's tied her to a chin-up bar in the boys' apartment, slapped some paper clips on her nips (I CAN'T EVEN KNOW), and slipped her The Big One. Anyone tries to stick paper clips on my ta-tas will find their testicles stapled to their leg, because, I, too, can get jiggy with office supplies.

I liked some things, disliked others, making this a meh book, but I'm willing to try another story by Lee.
