I fell in love with a very bad man.

Marcus Borden is that very bad man, but I knew that already. I accepted it. I just didn't expect to be pulled into the darkness of the world he'd worked so hard to hide from me. Now he's let me in and showed me what he's capable of - and it scares me. It scares me to think I'm in love with a man that has enemies who would do anything to hurt me.

And with a dark threat on the horizon, I need to ask myself just how far I'm willing to go to be with him. And how deeply in love I am with him to accept his darkness.

Will keep you on the edge of your seat!

By Bing

The story started where book one left off.

Someone was threatening an important person in Borden's life. He had a lot of enemies wanting to see the seemingly invincible Marcus Borden fall on his knees. What they see was the controlling, dangerous and powerful man whose background was as mysterious as the man himself. What they wanted was to eliminate and render him useless using any means available.

What his enemies didn't see was how far he had come, what he went through and what he lost in the process.

They didn't see that he went through hell and turned his soul inside and out just to be where he was, and he wouldn't go down without a fight.

What about the girl that changed everything for him?

He knew he was putting her life at risk, and a good man would walk away to save her from the danger that surrounded him. A good man would give her a chance to lead a normal life without his darkness. But Borden wasn't a good man. In fact, he can be really bad, ruthless and unforgiving to those who threatened the people he cared about. Being with him was dangerous, but he would go to the ends of the earth to make sure nothing will happen to her.

They had a connection that was always intense. They made each other feel alive yet at the same time rendered each other paralyzed with fear.. fear of losing each other, of putting their guards down long enough for their enemies to strike. But their love gave them the strength to fight with everything they got. Yes, lust played a big role in their relationship too. Their life together was a mixture of normalcy and craziness. But they embraced the negatives and the troubles, relinquished independence and risked showing vulnerabilities if it meant keeping each other.

If there was one woman who perfectly fit Borden, it would definitely be her. Like him, she was also unpredictable and had a rough edge, dark humor, and too well aware of the evil in the world. He needed an unconventional woman to accept the life he led and the man he was. He needed a strong woman to face the challenges of being with a man like him. Most of all, he needed a caring woman to bring out the soft, needy side of a badass like Borden.

I enjoyed the journey of Marcus Borden and the story kept me on the edge of my seat. It was a story of love, friendship, choices and they were delivered with suspense, grit and a lot of heart.

New Ravens villain Marcus Borden is to be feared. No one threatens Marcus and lives.

By annmric

This is Book 2 in the Borden series and the final book. The story is told from Emma and Marcus's POV. The story begins where the first one left off with Marcus feeling confident that he can protect Emma. At 2am Marcus received a threatening text stating that Mr. Borden is being watched. Someone is aware of his relationship with Emma. Meaning Emma is in danger the same way Kate was. Marcus thought he was a step ahead when he is actually a step behind.

In book 1 we were introduced to Kate. Kate is who Borden was secretly dating. Brothers decided to torture, rape, and kill Kate to send a message to Borden on how he conducts business.

Borden runs the streets of New Raven. People fear him and take orders from him.

Marcus has his men protecting Emma. Graeme, Hawke, and himself are always close to Emma. His men alone cannot provide the type of protection he needs so Borden seeks help from an unexpected person.

For most of the story Borden has Emma on lockdown with his men looking for the person who sent that threatening text message. When the person is finally revealed is when the story becomes intense. The atmosphere changes from worried to scared.

Don't fret over trying to figure out who sent that threatening text message to Borden you will waste brain cells trying to figure it out. Instead enjoy the journey and enjoy the carefully crafted words that AJ Lewis has transpired.

The story was erotic with plenty of sex. The story was entertaining and suspenseful like a typical biker story. Filled with beatings, torture, and killing.

The story was easy to follow and I was engaged. It's a story you find yourself lost in the pages.

Great book with some great steam.

By Kindle Customer

Again... I need Hawks story STAT.

I really liked this book, and the main reason is Emma. Well of course I love Borden. Emma accepts Borden for who he is. She doesn't want to change him.

I think a lot of books out there write about a heroine is trying to change a man. As a reader we fall love with the dark parts of the Hero, anti-hero and well the heroine should too.

We learn a lot more about Borden in this book, we see just how lonely it is at the top... We also see how BADASS Borden is.

I cried, I laughed, and I lusted.. duh...

Great book with some great steam.
