Perfect Pokémon Book

By Toni

This was for sale at my son's school for double the price I paid for it. He sat down and read it and he is only in kindergarten. I was absolutely impressed by the timing of the package on a sunday and my son is very happy with the book.

My son loves it!

By Dpat413

My 6 year old son loves this handbook. He reads it all the time. It's pretty cool because it mostly focuses on the "old school" Pokemon.

By Tiffany Harvey

Pretty basic, since it only covers the first 150 Pokemon, but our Pokemon-obsessed 6 year old boy was thrilled. Even our 3 year old daughter loves looking through the book, seeing which ones evolve into which, and was begging for her own Pokemon book. Great for a beginner.
