So now, this is time to verify if reading can boost your life or otherwise. Make Crime And Criminology By Sue Titus Reid it definitely function and obtain all benefits.

## Review

"This text is one of the best applied texts on the market. It has a fine blend of theory with real-life situations and circumstances, and the examples are exceptional and up-to- date."--Stan Hodges, Texas A&M University-Kingsville

"This book combines legal theory and practice with the study of criminology, which is rarely done, and rarely done well, as it is here. A student reading this textbook will get a full analysis of criminology's history, as well as discover the sociological, psychological, and economic factors that contribute to the study of criminology. Too many textbooks fail to explain criminology with this kind of depth and attention to detail, yet the book is not overbearing or off-putting--it is challenging without being difficult."--Cary Federman, Montclair State University

## About the Author

Sue Titus Reid is Professor and Director of the Undergraduate Program in the Askew School of Public Administration and Policy at Florida State University. She is author of *Criminal Law, Seventh Edition* (OUP, 2006) and *Criminal Law: The Essentials* (OUP, 2008). An accomplished scholar in both law and the social sciences, she contributed a chapter to the *Encyclopedia of Crime and Justice* and has published scholarly articles in both law and sociology. Dr. Reid has taught law students, graduate students, and undergraduate students at schools across the country. She received a university teaching award at FSU in 2000 and has been a fellow of the American Society of Criminology since 1982.

*Crime and Criminology* by Reid

By Steve Dyer

I have found this text to be a thorough exposition of topics within the stated subject matter. There was an obvious bias in the writing which came through at times, but for the most part a very scholarly work. The glossary was the only thing I found lacking in my use of this text.

I would highly recommend this to any professor looking for a text.
