I really wanted to learn more about minimalism and the zero waste lifestyle, and I originally just saw the homesteading basics as a bonus. but it turns out that both books were AWESOME!!! they were both great reads, they had tons of info but were also easy to read. highly recommended!!!!!!2 of 3 people found the following review helpful.

Awesome box set, everything you need to start chaning your life

By Stephen Reed

This is a great box set. I really love the whole minimalism thing, and building a life with less is definitely something I want to try. I've read a lot about self sufficiency and homesteading, and I was really pleased to find a box set that helped me put a plan together with a real motivation to build some of the great advice into my life.

Well worth a read, great books with a lot to offer in an age when we should be going back to a simpler, more sustainable life0 of 0 people found the following review helpful.
