Nice book however I bought it for a car i ...

By robbie

Nice book however I bought it for a car i havent seen and its a 95 the book is for 96and up a few year however the book has still helped me so I cant really complain

0 of 0 people found the following review helpful.

Pretty incomplete

By Dieguiten

Is a book with pretty more information than a user manual, but it is incomplete talking about a repair and troubleshooting hand book. Some important sections are missing or does not treated as detailed as there would be.
