Touching story

By Lee Broom

This is a touching story of a young boy's homegoing. Andrew's father writes in the book showing the death of his son and what happens when he journeys to Heaven. It's a beautiful perspective as the five year old discovers what happens after death as he sees Heaven and the angels. This story also shows the family's trials and what they go through after Andrew dies. The book then looks at the father's own path through grief and how he grows during this time. There is some really good advice for those who have lost a loved one, and I recommend this book because I believe it would be a comfort and a help.
