MAGIC WORDS, THE SOURCEBOOK OF HYPNOSIS PATTERN AND SCRIPTS AND HOW TO OVERCOME HYPNOTIC DIFFICULTIES BY RICHARD NONGARD PDF

Have you ever fumbled for the right words in a difficult or unique situation during hypnotherapy? Wouldn't it be priceless to have a resource that provided you with scripts and patters to solve many problems and unexpected events during hypnosis? Knowing the magic words to use will help you turn any difficulty into an opportunity to really help clients, rather than give up in despair and these patters will make you a better hypnotist. This book goes beyond just a few scripts of patters. This book will actually teach you how to structure hypnosis suggestions, compounding them and making them effective. This is not a script book that gives you start to finish "scriptnosis" scripts to read, but rather teaches you the useful patters to incorporate into your own hypnotherapy sessions; actually helping you to create your own scripts and suggestions.

Invaluable for the seasoned hypnotist and for those just starting out alike!

By Brian Weed

As a clinician, this book is on my shelf with the others that have allowed me to build a successful and profitable hypnotherapy practice. Without the gems found inside this manual I would surely have had unhappy clients that didn't get the results that they came for. If you have a limited budget and need to start making money and having satisfied clients that will drive business to your door by way of word of mouth, don't pass up the chance to make that happen. Buy this book and learn how to find your own magic words to enable you to be prepared for anything and everything, including noisy neighbors in your office and how to deal with clients that "forget their wallet".

I have spent thousands of dollars in training, lost revenue and books. I have learned from the best people in the world and my advice to you is buy this book.

The Importance of Why

By Aaron Little

No matter how much one knows about the mechanics of hypnosis, until they learn why they do what they do, they will never truly be the Hypnotist. In Magic Words Richard Nongard not only explains what he does but also why he does it. By studying this book you will learn how to break free from scripts and create magic with your words.

If I were teaching a class on hypnosis I would make this required reading.

Not one of my favorite hypnosis books

By Okie1010

Not one of my favorite hypnosis books. Probably be well suited to a beginner, though, to help explain the type of wording a hynotherapist needs to understand. The company that sold it to me delivered it very quickly, and it was in perfect shape when I received it.
