Mysteriously interesting

By A Customer

Being an ardent Agatha Christie fan, Mary Higgins Clark was recommended to me and this was the first volume of her books that I read.

There aren't any detectives like Hercules Poirot or Miss Marple still the stories keep you glued to the book till you reach the end.

'Weep no more, my lady' has a certain Christie's touch. The story is about a young woman Elizabeth. Her sister, Leila is murdered and Ted, her sister's fiance is convicted, with Elizebeth being the only witness. There are other charachters like Leila's friend the Baron and Baroness, her agent, another rival actress. The interesting thing is that each charachter has some motive for the murder. And finally the real murderer turns out to be... (You have to read the book to find out).

'Stillwatch' is about a young reporter who is making a television documentary. But what she does NOT know is that this documentary is linked to her past and will affect her present life. Not much of a mystery here but still an interesting read.

'A cry in the night' reminded me of Alfred Hitchcock's movie Psycho and hence the reason for 4 stars.
A good selection for those who have a preference for mysteries (minus politics, violence and sex).

Better selections....2 out of 3

By A Customer

I read all stories & enjoyed most of them. I would say, this is a 4 1/2 starrer. The only thing keeping me from giving it a 5 is that I didn't like the "Cry in the Night" so much. Had it been "Where are the Children", I would have given it a 10 star rate, if there is such a thing :-). Moreover, I like the compilation here better than the other MHC trilogy.

After reading 6 MHC stories in a row, I am becoming familiar with her style & events albeit characters taking on different forms. Nevertheless, her books are interesting & will make you lose track of time.

Suspense, precaution, and mystery

By Laura Schultz

I just finished reading A Stranger is Watching and I loved it. If you are looking for a book with suspense then read A Stranger Is Watching. First Neil and Sharon Martin are kidnapped by the vicious criminal kidnapper known as Foxy. He traps them and sets a bomb, and it is only a matter of time before they are able to escape. Time.... If you are in the mood for a good mystery book that will leave you wondering the entire time then Read A Stranger Is Watching. I loved it and I'm sure you will to. Read it today!
