A Beautiful, Spiritually Inspiring Guide for Future Parents

By Susan McCoy (kellyandsusan@mindspring.com)

As a married women of 29, who wants the best for my future children, I bought this book wanting to know how to facilitate a relationship with my child's soul. This book answered many questions, and explained how to use spiritual energy and "The Violet Fire" for the good of the child's soul and physical wellbeing. This book has prayers to help you all along the way- from before conception to after birth. The initial chapters dealt with karma, reincarnation, and the mission of your child's soul. I also enjoyed the chapter about how to convey beauty and virtue through music and art. This book also explains the importance of loving communication with your unborn child, and meditation. I highly recomend this book to anyone wanting to know more about the souls who will become their children- and how to do what is spiritually, emotionally, physically, and mentally loving of them before they are born.

An excellent book for expectant parents

By scottmcbride@worldnet.att.net

There are many good books on prenatal care and even education in the womb. What we liked about this book

was that it focuses on the spiritual aspects of preparing your new baby for the world he or she will enter. The meditations and visualizations will help you to create a deep, spiritual bond between you and your baby.

Inspirational and life enriching for you and your child.

By Jasmine Smith

This book has been the greatest blessing to our family. It has deepened our connection with the beautiful growing baby within my womb. It has such wonderful and practical wisdom that can easily be applied to your daily life. We feel much more confident and prepared for our child's birth. 5 and a half stars! I encourage all expectant parents to enrich their lives with this book. It is a jewel!
