" Inigue and adventure are the hallmarks of this intense Alpha series."

The past year was the worst time of Diana Moore's entire life. She fell hard for diplomat Jeremy Moore, but after they married and he was transferred to Bogota, Columbia the abuse began. At the local market one day

she was kidnapped by bandits and held for ransom. Soon after her rescue Jeremy was killed and Diana went home to her parents in Wales to nurse her sorrow.

Finally the day came when Diana felt strong enough to start over. She accepted a job in Paris and made a new life for herself. It wasn't long however before Diana began to feel as if someone was watching her, following her. Unable to shake the feeling Diana journeys to London and straight into the arms of Seth Armstrong, the man who rescued her in Bogota all those months ago. He saved her life once. Seth Armstrong is the only man she can trust. It's up to Diana and Seth to figure out what's truly going on – if they can keep their hands off each other long enough to think.

Hot and sweaty in bed – butting heads the rest of the time. High tension drama from start to finish Rogue Alpha ignites. Diana and Seth challenge each other at every turn. Intrigue and adventure are the hallmarks of this intense Alpha series. Rogue Alpha fits perfectly into their testosterone filled world. Sensual entanglements and suspense make Rogue Alpha a worthwhile addition.

Fast Read Novella That is Hot

By Sheila M

FINAL DECISION: This novella is action packed and very sexy. The story is very straightforward and simple, but I liked the connection between the main characters. This is an easy and enjoyable read.

THE STORY: Diana Moore believes someone broke into her apartment although no one else does. Eight months ago, Diana's world fell apart when she was kidnapped and held for ransom and then her husband was killed. Fearful of what might be happening now, Diana turns to the only person she can think of -- Seth Armstrong. Seth works for Grayson Security and was the one who rescued her from her kidnapers.

OPINION: This is a straightforward and quick read. For a novella, there is a strong storyline with a lot of action and suspense. This book, however, is rooted in the relationship between Diana and Seth. The two have an immediate connection (which works because of the short length of the story). The story is hot and sexy. The connection might be too quick for some readers, but the length of the story gives some excuse for the quick progression of the romance between the characters.

WORTH MENTIONING: There are no appearances by the main characters from the previous novels only brief mentions for some.

CONNECTED BOOKS: ROGUE ALPHA is the seventh book in the ALPHA series. Although there are overlapping characters, ROGUE ALPHA can be read as a standalone.

STAR RATING: I give this book 4 stars.
