One of the most profound books written on the subject

By rasmi gupta

Have you ever felt the tingling sensation in and around your body this is aura and most of the people who are teaching Kundalini Yoga are only working on the Auric levels. And the most profound thing is that most of the practitioners take reference of books written by John Avalon and R.G. Relee. But the knowledge was restricted to basics and one who wants to grow beyond was restricted.

The book that is written by Shri R.Venugopalan popularly known as Rudra is a beautiful book covering the basics of the seven charkas as well as going deep into the realm of 547 chakras, 180 nadis and 16 granthis. Ohter than that many more details have been covered which has never been published till date.
