THE GOD YOU CAN KNOW BY DAN DEHAAN PDF

Questions concerning various topics such as knowing God's will, assurance of salvation, home life, and even dating relationships result from a lack in comprehending the Person of God the Father. Dan DeHaan puts God the Father back into the Christian perspective of what it means to live this way of life called Christianity in *The God You Can Know*. Burdened by contemporary Christians' lack of understanding of the nature of Almighty God, he wrote this book to help readers become intimate with God by studying His characters and attributes.

Nourishment for the Soul

By Amazon Customer

Definitely one of the more insightful books I've read on the nature of the God of the Bible, and knowing Him as He has revealed Himself therein.

Eminently readable and practical, it fits neatly alongside such Christian classics as *Knowing God* by J.I. Packer and *The Knowledge of the Holy* by A.W. Tozer. I'm surprised that I hadn't heard of this book being recommended before coming across it in a sermon series I was listening through online.

Do yourself a favor and invest the time and money necessary to carefully and prayerfully read through this lovingly crafted work. The rewards will be well worth your effort.

Soli Deo Gloria!

Answers the question Who is God and why you need to know Him

By Kelly Hudson

I am reading the book for the fourth time in seven years. Reading the book made me realize that it is more important to know "who God is" than "How a Christian is supposed to live" because if you really know God, you can't help but live the way He wants you to.

The book will always remain in my reread library because each time through has provided additional insight into "How to please the Father"

On Point

By Pat Cooksey

I knew the author back in the 70's and 80's and find the book to be consistent with his life and practice. His emphasis on the knowledge of God is both biblical and well expressed. I found the book to be spiritually stimulating and awakening afresh the desire to meditate on the Attributes of God and to pursue a deeper knowledge of Him. The book is well rounded balancing truth with application. A must for any serious Christian to read
