Food for thought

By Terence C.

This is the book if you are in to deep conversation and love to question things. Reality and so forth. I loved reading this book. Going to read it a second time, for sure.

I can't say I think it proves parallel universes

By Judy E Schultheis

But I do think the mantis shrimp is a fascinating and bizarre creature and that it will provide another couple of generations of scientists with plenty of work in bioengineering research.
