THE PROMISE OF PROTECTION: A TRUE STORY OF WITNESS PROTECTION BY CHRISTINE K. LOWRIE PDF

In this memoir, Celeste tells the true story of her life in the Federal witness protection program. On the run from the mafia, this mother of two must choose a new name, a new identity, even a new career, and cut all ties with her past.

Written in an engaging and witty style, "The Promise of Protection" details the author's life and romance with a man tied to the Irish mob, the dark days living under the threat of death and her subsequent escape from Boston. It showcases a woman's courage to give up everything, and remake a life anew.

--Excerpt--

"The FBI is our only chance."

"I won't do it, Danny. Think about what you're doing. Do you expect us to take the kids and go into the witness protection program? Lose everything we know - our families, our friends? Even our ability to support ourselves? We'll have to find another way."

"Well, this is just fine, isn't it? Your old boyfriend threatens your husband's life, and who do you stick up for? Should I be wondering about your feelings for Paul?" This was the worst part of Danny. The part that could make a childish, whiny episode out of a life-threatening situation.

I realized that Paul had allowed Danny to slip a noose around his own neck – and, worst of all, I realized the extent to which Danny had put my daughter Shea and me into danger. In an instant, I was filled with the worst, paralyzing fear of my life.

Couldn't put it down

By H. L. Savino

I read this book in one sleepless night. The Promise of Protection is the hair-raising story of a woman who had a love affair with a made man, and then must flee with her children when the truth about her "friend" and his business threatens her and her family's life.

It's also the story of an incredibly strong woman who navigates life and love and dire circumstances, and comes out stronger in the end.

The fact that it's a true story chills and uplifts me at the same time.

A Powerful Memoir That Valiantly Engages The Reader

By A Customer

In her riveting memoir, *The Promise of Protection: A True Story of Witness Protection*, Christine K. Lowrie invites the reader for a ride down the rapids. We travel with Celi as she navigates with skill forged from a bruised life experience, intelligence, courage, wit and vulnerability. The reader cheers for Celi while desperately trying to warn her, as both the story and fear unfold. Yearning for romance and family, Celi's choices are central to the telling of her story. The characters that populate the pages evoke a parallel sense of hope and desperation. The reader comes to know whom to dread.

Anyone who hails from the '60s will find familiar sites and sounds along the way. Ms. Lowrie turns a phrase with color while deferring to the detailed memories of a woman who came of age in the pre-and post Vietnam era. She provides an artful balance of place, mood and style. Although trusting Ms. Lowrie to get Celi safely to the shallows, the only option for the reader is to keep a firm grip as Celi employs every ounce of intellect, cunning and courage to keep her family safely on the run from organized crime.

Celi's search for protection is threaded throughout, as she also navigates the inner landscape of her life. It is through this adventure that Ms. Lowrie invites the reader to consider his/her own life decisions and the compelling consequences of love; often characterized by loss that is hopefully burnished to resilience. Celi's search requires her to orienteer through this inner landscape and to consider the wider possibilities. There is more to explore. From the heart of her humanness, Ms. Lowrie leaves the reader with the same compelling invitation.

This is a powerful memoir that valiantly engages the reader. I highly recommend it!
