Why we cannot learn lessons?

By Guang Wu

This small book, although it contains many cases in Houdini's time, is less attractive to modern readers.

However, to my surprise, Andrew Carnegie was a victim of a woman swindler, which is new to me.

On the other hand, I asked myself that humans have already know various methods used by criminals such as swindle, but we cannot draw a general conclusion of how to prevent ourselves from being victimized.
