Too Much Too Fast

By Laine

I didn't enjoy this title the way I have many of the longer lesbian romances. The character relationships felt a little forced. The main characters' first sexual encounter was so immediate and the emotional aspect of it was confusing. Sure, the sex was raw and feral, but it more so resembled a longer version of a f/f erotica short than it did a lesbian romance. I just felt distant from the characters and the story. I couldn't relate to them or their love story. I gave the story three stars b/c I know that it might be appealing to others and I definitely didn't hate it or anything like that. It was just a fast read that tackled the sex and love aspect in a manner of which I couldn't connect.

Right Time Great Book

By Robert M

I purchased this book after reading "Suddenly", which I gave five stars. This book started off very fast and got right to action, before turning into an enjoyable romance. I could easily picture Jackie the UPS driver from people I have known in my life. Mary and Ashley are easily understood, and I liked how you eventually got to know their back stories to understand their characters better. My only criticism of this book is that Jackie's past was not explained as much as Mary's, but as the story was being told from Mary's point of view

and it was one of discovery (their relationship), that is understandable.

M.E. Tudor is quickly becoming one of my favorite authors, I cannot wait for her next book!

Sexy read

By Cee

Honestly, the characters were hot and the story line was pretty good. I like how two people can be compatible and fluid in the bedroom but still have fears about speaking their minds. The book flowed really well and I would read another of this author's work.
