Two zions prove two wrongs don't make it right.

By Gwen

This book explains why the two Zionist "leadership groups" sometimes work together yet are diabolically opposed to each other's ideas of world domination. The "religious?" Zionists or rabbis want their manmade Judaism (Non Torah based Babylonian heresies and narcissistic egos) to rule while the Political Zionists represent the world's bankers, totalitarian socialists, new age Satanists and science's "No holds Barred" quest for "fun" by using other peoples money and destinies to gain world control. Talk about "to hell in a hand basket?"

BOOK REVIEW: "To Eliminate the Opiate" Rabbi Marvin Antelman

@Amazon: [...]

You simply must read ETO, and should have already read it by now, i.e. 10 years ago, as it so explains everything in a way you could not possibly have known otherwise, as the perpetrators behind what we see today, were so determined to NOT be found out, then nor now!!!

Thanks to Rabbi Marvin Antleman for breaking rank with his brethren in name only - a powerful new term he deftly introduces to the lexicon, i.e. JINOs - in revealing this information, for perhaps his motivation was his claimed loss of 40 family members in the Shoah, yet one can never know another's true motivations, seldom even our own, yet whatever truth is to be found in Antelman's words, we know that truth is the only thing that exists anyway, and only good can ever come of it, as all truth is good by definition !!

In it's pages you will find out where HITLER really came from, i.e. he was conceived, according to Antleman, in an Apostate Rabbi Shabbetai Zvi inspired Sabbetian Satanic Sexual Ritual on Tisha B'Av no less.

Tisha B'Av, i.e.the 9th of Av, is the day of destruction in the Hebrew calender, the 9th day of the 11th HEBREW month, the inverse of the 911 in fact. This fact is not insignificant.

It is not hard to understand at all, when you have a hard core cadre of true believers in evil itself - which we must all KNOW cannot possibly exist as it is by definition the LACK of something - determined nevertheless to force G-D's hand as it were, operating in secret since the mid 1600s, vowing to do as much evil as they possibly can get away with, finagling literally every "revolution", including the so called "American Revolution", since then, in the attempt to insanely fulfill what they believed they found in the Talmud, i.e. that the "Messiah" would only 'return' if EVERYONE became evil, or if EVERYONE became good, opting for the evil side, in their cynical interpretation that that would be easier to accomplish!!

In essence a very sad decision they all made,& continue to make, as it is merely indicative of their frustration of being born in the first place, which no one should feel, as the gift of life is the greatest gift of them a!!, in an infinite Universe governed by THE G-D who is simply too big & generously infinite to ever even have the chance of becoming "overpopulated" nor ever be adequately described in any necessarily finite religion! (there are only so many words)

CAVET: One could not be criticized, nor could it be attributed to anyone's mere imagination, for noticing areas of Antelman's writing, that by some could be considered provocatively racist & mean spirited to say the least, e.g. especially with regard to people of color, and the Japanese, and how much of that is to be attributed to the psychological trauma of the holocaust, is debatable, yet make no mistake, it is just these very same kinds of illusions of grandeur and superiority complexes that were behind the Shoah/Holocaust itself, yet on balance, great information is revealed in his writings, that if true, can help explain a lot that you may be confused about regarding the Really Big Picture, including 911 indirectly. On ETO II, Page: 207 we find the following re: Hitler being "Jewish"...

Now there are some rumblings that Adolf Hitler may have had some Jewish blood imparted to him by a Jew named Frankenberger, who supposedly had a liaison with his grandmother Maria Anna Schicklgruber (1795-1847). Indeed, a prominent attorney in New York City, Jerrold Morgulas, wrote a book called *The Torquemada Principal* (Wade Rawson, 1980) which advocates this thesis. There is no truth to this. (this is a standard disinfo tactic to "immunize" against the real truth which is even worse!!) Rather, Hitler was really the product of an adulterous relationship between his mother, Klara Polzl, and a Sabbatian Frankist (1861-September 21, 1928), who was Hitler's real father. The Frankist Sabbateans had a ritual the 9th of Av, (inverse of Goy's 911) which is observed by Jews as a fast day commemorating the destruction of the First and Second Temples. This night, the Sabbateans secretly observed as incest and adultery night. However, there is a persistent rumor that Klara was artificially inseminated that night.

Since the Jewish calendar is lunar, the 9th of Av can occur in July or August. Check the calendar, the 9th of Av, 1888, - the date of Hitler's probable conception - fell on July 20, 1888, approximately nine months prior to April 20, 1889, the birthday of Adolf Hitler.

A 1933 New York Times article dealing with Hitler's alleged Jewish origins maintained that there was Jewish blood on the Stronnes side - Hitler's maternal grandmother - a family which converted to Catholicism from Judaism in Vienna in the 1850's. Rabbinic Court testimony claims that not only Hitler's real father was a Sabbatian, but that his maternal great grandfather as well; i.e., Klara's maternal grandfather, who fathered her mother out of wedlock.

THANKS BLESS YOU
