New York Times bestselling author Elizabeth Lowell delivers an unforgettable tale of love and adventure set on the high seas . . .

Photographer Cat Cochran has been to exotic places most people only dream about. Yet all she wants is to get her life in order. One last assignment and she can put her past behind her, forgetting about her heart's disastrous misadventures. But first she must photograph the mysterious ship designer T.H. Danvers.

Travis Danvers is dangerous—a millionaire with an athlete's body, an enigmatic charmer capable of breaking down Cat's well-constructed defenses with a buccaneer's arrogance and flourish. She knows she must resist him, for experience has taught her that pain is the eventual price of the pleasure to be found in the arms of such a man. But on the high seas, it's easy for Cat to throw caution to the wind and heed the whispers of sensual sirens telling her to abandon all caution—and surrender to a passion only Travis can offer.

Not your typical Mushy romance.

By Loki Shams

First of all, I would just like to say that Elizabeth Lowell is an exceptional writer. Her stories never lack depth or substance, and this book is certainly no exception.

This story involves the beautiful Cat Cochran, a photographer who lives and breathes her work. She is a woman who works day and night so that she can support her mother and two siblings. She is a woman who has been hurt by an unforgiving past.

Travis Danvers is a self made rich man. His past has also left him unwary and cautious of all women. He cannot trust that any women would love anything more than money. Even himself.

With that state of mind, Travis meets Cat, the lovely photographer for his book on sailboats. He is drawn to her quiet beauty, but of course assumes that she is like most of the other women he has known. Women who are only interested in him for his vast fortune. He desperately wants to believe otherwise, but he has been hurt before.

Even though Cat has been deeply hurt by "rich" men, she cannot help but fall for the striking Travis Danvers. Because of her immense responsibilities, Cat cannot stop overworking herself. Travis tries to buy her time with him, but she cannot accept. She will not accept his money, she will be no man's mistress. Cat Cochran takes care of her own self.

Cat and Travis' pasts hurts come in the way of their blossoming love. Past betrayals make Travis hurt Cat in an unforgivable manner. Alone and afraid, Cat loses something deeply cherished, something which means the world to her. Only the love from Travis can make the wronged, right.

This is an excellent novel, which will take you and sweep you off your feet. I recommend it wholeheartedly. You won't regret it.

Could not put this romance book down once I picked it up!

By Lee Haskell

This is the best contemporary I have read in a very long time. (For the last few years, I've been reading about three to four novels a week. 70% are historicals and 30% contemps.)

From the moment I opened the book, I was hooked. I actually forgot to eat my supper! For someone who lives to eat (as opposed to most folks who eat to live) this is a good indicator of the book's captivating pull. When I went outside to tell my man that I forgot to fix dinner, he asked why I had to bring my novel with me. I didn't even realize I was holding it! It was as if I didn't want to leave the euphoric cloud that my head was in. The wonderful world that Elizabeth Lowell created in her book *To the ends of the earth*. From the minute Cat (Cathy) and Travis meet, they are instantly attracted to each other. How refreshing! I didn't have to wait until the middle of the book for them to admit to themselves that they liked the other. When I meet someone, I know within five minutes whether I'm attracted to them or not. No wonder then that I was instantly drawn to this book.

By the time I got to work the next day, I was bad off. Since I had stayed up late reading, I had gotten very little sleep. I actually thought about calling in sick so I could finish reading this book. I don't smoke but took cigarette breaks during work just so I could read another few pages! Same thing during bathroom breaks and lunch breaks. So don't say I didn't warn you. Do not pick this book up to read until after you have done your chores. Preferably, read it over the weekend. There are no boring parts in this book. No wonder I couldn't put the book down. And the sensual heat that these two were able to generate... hoo-boy! Nothing too graphic but just enough sexual tension to keep me turning those pages.

I went through all my emotional ranges. I was intrigued, excited, heated, and yes, my eyes got a little watery at one point. I even felt anger at Travis and if the book was written any other way, I might have given this book 4 and a half stars because he can be such a jerk sometimes. Thank goodness Cat knows how to handle him, where the door is and how to use it. Thank goodness she's no doormat. Far, far from it. In most books, I

always feel that the guys never suffers enough for their misdeeds but in this book, I truly felt that Travis learned his lesson. I thought the Author handled that part very well. Most of all, I really identified with Cat. In most romances, I usually remember the hero & rarely the heroine. Cat is the exception. I can't think of any heroine that was more strong, determined and plucky than Cat.

Travis learns that money can't buy hapiness but I did buy a little happiness when I bought this book. This is why I read romance.

Why would she put up with his treatment of her?

By A Customer

This was the first Elizabeth Lowell I read and I was absorbed by it. I did enjoy her writing style and thought that some of her images were almost poetic; for example, sailing a boat across the incandescent eye of God. However, I wonder whether Cat has any self-respect at all. How could she go back to someone who attempted repeatedly to buy her affection and her time, called her a whore, attempted to buy their child, abandoned her and left her flat on her back in bed, and thinks that money can buy anything? She should have told him to take a hike--or rather, a sail. Being called a whore by someone you love is the equivalent of physical violence and is absolutely not acceptable under any circumstances. This problem marred what otherwise would have been a fine book. And why the heck was she supporting her ditsy mother? Couldn't her "green angel" have put some pressure on the rich friend who was going to marry her in a few months?
