TOOL UNLEASHED (FRENCH EDITION) BY JOEL MCIVER PDF

Ceci est le tout premier livre écrit sur Tool, lequel est bien plus qu'un simple groupe de métal ; il explore non seulement leur musique sans concession, mais également l'image trouble que le quatuor s'est fabriquée en se basant sur divers symboles mythologiques et d'obscures théories. Maynard James Keenan, Adam Jones, Danny Carey et Justin Chancellor, issus de la scène locale de Los Angeles au début des années quatre-vingt-dix en même temps que leurs amis de Rage Against the Machine, se sont en effet emparés du concept de musique heavy pour entièrement le redéfinir. Et malgré un goût très prononcé pour l'art et l'agitation dans le style de ce qui avait cours dans les années soixante ou soixante-dix, ils ont néanmoins rencontré un succès qui dure dans le temps, un vrai petit miracle face à l'insipide industrie du divertissement qui a toujours sévi depuis leurs débuts. Couronnée de maintes récompenses, la carrière de Tool jusqu'au sommet de la gloire est donc l'un des récits les plus étranges dans l'histoire du rock. C'est sur ce mystère qu'a enquêté Joel McIver, auteur d'une dizaine de livres sur le rock et le metal, sans omettre aucun détail.
