Taken from Foreword:

Chaplaincy is a unique vocation--it is a call within a calling. Distinctive as it is, balancing one's call from "God" with one's call to serve our nation is a distinction that is shaped more clearly by understanding the multi-dimensional shape of military chaplaincy.

Vignettes - Perspectives - Clues - Insights - Guidance - "If I had to do it all over again" reflections are shared in this collage of collegial concepts. Thus, VOICES OF CHAPLAINCY is a unique compendium of counsel from decades of chaplain leadership. Our grateful thanks to all who have shared their wisdom. It is MCA's contribution to your calling - "CHAPLAIN."

"Great tool for mentoring chaplains as they care for the warrior's soul"

By Brian B

This one-of-a-kind publication brings together the insight and expertise of many chaplains who have been leaders in the U.S. Armed Forces and Veteran Affairs Chaplain Service. It provided me with incredible insights into the many roles and functions of chaplains as they nurture the living, care for the wounded, and honor the fallen.

I congratulate the Military Chaplains Association for preserving this profound resource by releasing it in a digital format for chaplains to reflect on their calling as they serve God and Country anywhere on the planet!

This book addresses the core ministry roles and functions of chaplains, such as, pastoral ministry, preaching, diversity, public prayer, staff officer duties, ethical leadership, priestly functions, servant leadership, family ministries, care giving, encouragement, and providing for the free exercise of religion. This book will help mentor those who now serve as chaplains and those who are preparing themselves for service in this unique calling. It should be in every chaplain's digital library along with these other popular recommended titles: For God and Country: Considering the Call to Military Chaplaincy and Matters of Conscience: A Practical Theology for the Evangelical Chaplain
