From the Author

This is an exciting time to be in the field of web development -- HTML5, CSS3, the mobile web! The field is constantly changing and this book provides a well-rounded foundation in coding and design concepts. The approach of the book reflects my personal philosophy of teaching web development and emphasizes hands-on practice exercises. Case studies are included throughout the book to provide students an opportunity to apply their new skills. The textbook companion website at webdevfoundations.net has a page for each chapter with hyperlinks for websites listed in the book, information on emerging trends, additional examples, corrections, and review games. Instructor materials are available from the publisher's website.

About the Author

Terry Ann Felke-Morris is a Professor Emerita of Computer Information Systems at William Rainey Harper College in Palatine, Illinois. She holds a Doctor of Education degree, a Master of Science degree in information systems, and numerous certifications, including Adobe Certified Dreamweaver 8 Developer, WOW Certified Associate Webmaster, Microsoft Certified Professional, Master CIW Designer, and CIW Certified Instructor.

Dr. Felke-Morris has been honored with Harper College's Glenn A. Reich Memorial Award for Instructional Technology in recognition of her work in designing the college's Web Development program and courses. In 2006, she received the Blackboard Greenhouse Exemplary Online Course Award for use of Internet technology in the academic environment. Dr. Felke-Morris received two international awards in 2008: the Instructional Technology Council's Outstanding e-Learning Faculty Award for Excellence and the MERLOT Award for Exemplary Online Learning Resources—MERLOT Business Classics.

With more than 25 years of information technology experience in business and industry, Dr. Felke-Morris published her first website in 1996 and has been working with the Web ever since. A long-time promoter of Web standards, she was a member of the Web Standards Project Education Task Force. Dr. Felke-Morris was instrumental in developing the Web Development certificate and degree programs at William Rainey Harper College. WEB DEVELOPMENT AND DESIGN FOUNDATIONS WITH HTML5 (8TH EDITION) BY TERRY FELKE-MORRIS PDF

For courses in web development and design.

A Comprehensive, Well-Rounded Intro to Web Development and Design

Updated and expanded in this Eighth Edition, *Web Development and Design Foundations with HTML5* presents a comprehensive introduction to the development of effective web sites. Intended for beginning web developers, the text relates both the necessary hard skills (such as HTML5, CSS, and JavaScript) and soft skills (design, e-commerce, and promotion strategies) considered fundamental to contemporary web development. An emphasis on hands-on practice guides readers, as the text introduces topics ranging from configuration and layout to accessibility techniques and ethical considerations. The Eighth Edition contains updated coverage of HTML5 and CSS, expanded coverage of designing for mobile devices, and more.

Satisfied

By Amazon Customer

Good book really helps with my class. Got here in a somewhat reasonable time period.

0 of 0 people found the following review helpful.

Five Stars

By Michael Borden

Great book to introduce you to the beginning of web development. Highly recommend as a first book!

4 of 5 people found the following review helpful.

Yet another overpriced textbook required by college professors.

By Vishal Gupta

Yet another overpriced textbook required by college professors.
